Events listed in brochure are up-to-date as of February 28, 2023.
Please check the website for the latest updates on event info.

Welcome

Explore interactive learning events for families, caregivers and youth of all ages! Build robots, invent with 3D printer, experiment like scientists, explore new paths, create your own art or music and more. Let's remake learning together.

Date and Time

Type of Event (in-person, virtual, on-demand)

Geographic Location

Learning Theme

Grade Level (from Pre-K through High School)

Professional Development

Cost (the majority of events are free)

To explore events and learn more, visit **RemakeLearningDays.org** where you can search events by these themes.

Learning Themes

To help navigate all the events, below are helpful learning themes. Please note that some events may feature a primary theme and several secondary themes.

What is STEAM? STEAM stands for science, technology, engineering, arts and mathematics. Learning these subjects together (rather than independently) helps students encourages creativity, critical thinking and collaboration.

ARTS is hands-on learning and expression through all kinds of art: theatre, dance, visual art, music, photography and more!

MAKER "Making" is about taking things apart and putting it back together. Tinker, build and create with all kinds of materials. Try a 3D printer, take apart a toy to see what's inside and then rebuild it, or create a marshmallow tower!

OUTDOOR LEARNING is about experiencing and learning about the natural world. How can we think about the environment, sustainability and more by exploring our very own backyards?

SCIENCE is all about experimentation! Kids and adults can explore chemistry, biology, geography and more. How does our world work? What can we test and explore in the world around us?

TECHNOLOGY gives kids the chance to explore their digital world. Want to try coding? Build robots? Learn circuitry? Look for technology events that help you discover new things.

YOUTH VOICE is about youth leadership and amplifying youth voice. Youth have the ability to express themselves in so many ways such as: through audio, video, art, music and more.

PROFESSIONAL DEVELOPMENT

For traditional and non-traditional educators, various organizations offer credited and non-credited professional development featuring STEAM-inspired learning.

Across the World!

Remake Learning Days is taking root across 15 regions in 2023, including international regions in the United Kingdom, New Zealand and Uruguay! The growth of Remake Learning Days is in response to a desire for more real-world learning experiences that prepare youth from all backgrounds and all neighborhoods for our rapidly changing world.

From April to May, there will be 1200+ events held in everyday learning spaces such as parks, libraries, STEM labs, maker-spaces, museums, tech companies, laundromats and more.

Families can participate in learning everywhere! We hope to create a genuine movement of educators, parents, and students and ignite a global conversation around the future of learning and increase the demand for engaging and equitable hands-on experiences across all the spaces kids learn.

NORTHERN PANHANDLE

Maker Challenge—Build a Machine: Explore and Learn Storytime

Thurs, April 6, 5:00-6:30pm

Ages: All Ages

Hosted by: Brooke County Public Libraries
945 Main Street, Wellsburg, WV 26070

Families will become innovators, engineers and creative experts after they hear the story "Violet the Pilot." They will work together to build their own machine to resemble what they would want their aviation dream to look like.

👉 <https://remakelearningdays.org/event/maker-challenge-build-a-machine-explore-and-learn-storytime/>

Fairy Tale STEAM Challenge

Sun, April 23 – Mon, April 24 and Wed, April 26,
8:30am-2:30pm

Ages: 2-4, 5-7, 8-10

Hosted by: West Liberty Elementary School
745 Van Meter Way, West Liberty, WV 26003

For this challenge, students will work together to help some of their favorite fairy tale characters get out of a major jam! Participants will create a new chair for Goldilocks, construct a boat to help the Gingerbread Man, build a second beanstalk to help Jack get home safely, form a bridge for the Billy Goats Gruff, shape a new carriage for Cinderella, make an elevator for Rapunzel, and configure a conveyer belt to help the seven dwarves mine their diamonds.

👉 <https://remakelearningdays.org/event/fairy-tale-steam-challenge/>

The Magnificent Science (TMS) Earth Day Festival!

Tues, April 25, 9:00am-3:00pm

Ages: 11-13, 14-18, Adult

Hosted by: Triadelphia Middle School
1636 National Road, Wheeling, WV 26003

The Magnificent Science (TMS) Earth Day Festival will celebrate the Earth, science and technology at our school and community.

Coloring Historic Wheeling

Sat, April 29, 11:00am-12:30pm

Ages: 5-7, 8-10

Hosted by: Friends of Wheeling

52 16th Street, Wheeling, WV 26003

Attendees will read "This Little House" by Virginia Lee Burton and then participate in a coloring activity! We will have a few pictures of historic homes throughout Wheeling that the kids can color while talking about the importance of preserving these homes.

▲ <https://remakelearningdays.org/event/coloring-historic-wheeling/>

JoJo IX Weather Balloon Launch with Wheeling Country Day School

Thurs, May 18, 10:00am-12:00pm

Ages: All Ages

Hosted by: Wheeling Country Day School

8 Park Road, Wheeling, WV 26003

For the ninth consecutive year, 5th-grade students from Wheeling Country Day School will be filling and launching a weather balloon named JoJo IX to the edge of space!

▲ <https://remakelearningdays.org/event/jojoix-weather-balloon-launch-with-wheeling-country-day-school/>

Rocks Are Not Boring

Thurs, April 20 and

Sat, April 22

11:00am-12:30pm

Ages: 5-7, 8-10, 11-13, Adult

Hosted by: Philippi Public Library

91 S Main Street, Philippi, WV 26416

The program will introduce children to a variety of rocks and fossils. We will learn more about rocks from the read-aloud of "Old Rock (is not boring)" by Deb Pilutti, learn how to "read" rocks like a geologist does, and have fun exploring the stories of several rocks and minerals. The event is available for all readers but is best suited for elementary age students and their accompanying adults.

▲ <https://remakelearningdays.org/event/rocks-are-not-boring-2/>

Story Time Ballet

Sun, April 30, 4:30-6:30pm

Ages: 5-7

Hosted by: Oglebay Institute

1330 National Road, Wheeling, WV 26003

Oglebay Institute's School of Dance in Wheeling will host free story time ballet sessions to promote literacy and the art of dance. Two sessions will be available, including one specifically designed for children with varying cognitive and physical abilities and their caregivers.

Make an Explosion: The Science of Volcanos

Sat, April 22, 10:30-11:30am

Ages: 2-4, 5-7, 8-10, 11-13

Hosted by: Clay-Battelle Public Library
6059 Mason-Dixon Highway
Blacksville, WV 26521

Join the Clay-Battelle librarians for an **EXPLOSIVE** hands-on activity about volcanoes. Attendees will read a story, learn about the science of chemical eruptions and build their very own volcanoes!

📌 <https://remakelearningdays.org/event/make-an-explosion-the-science-of-volcanoes/>

Physics and Astronomy Demo Day

Sat, April 22, 12:00-3:00pm

Ages: All Ages

Hosted by: WVU Department of Physics and Astronomy
135 Willey Street, White Hall, First Floor,
Morgantown, WV 26505

Join us to watch and participate in exciting physics and astronomy demonstrations where folks will have the opportunity to learn about a variety of science topics from gravity and spacetime to making ice cream with liquid nitrogen!

📌 <https://remakelearningdays.org/event/physics-astronomy-demo-day/>

Violet the Pilot Family Day

Sat, April 22, 11:00am-1:00pm

Ages: 2-4, 5-7

Hosted by: Louis Bennett Public Library
148 Court Avenue, Weston, WV 26452
Families will become inventors, innovators, engineers and creative experts after they listen to the story, "Violet the Pilot." Once we are finished with story time, families will gather to create their own machines. The program will be geared toward children in grades Pre-K through 3rd, but anyone is welcome to attend.

Going Green with Monongalia County 4-H at Camp Muffly

Sun, April 23, 2:00-6:00pm

Ages: All Ages

Hosted by: Monongalia County 4-H Camp
1477 4H Camp Road, Morgantown, WV 26508
Join Monongalia County 4-H families in a workday celebrating Earth Day. Participants will take part in fun, engaging and educational activities led by 4-H faculty and staff. We plan to paint, plant and build while learning about the importance of giving back and community service.

📌 <https://remakelearningdays.org/event/going-green-with-monongalia-county-4-h-at-camp-muffly/>

Microscope Hike

Sun, April 23, 11:00am-12:30pm

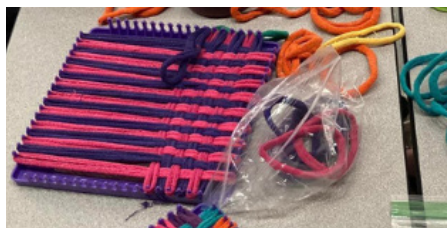

Ages: 8-10, 11-13

Hosted by: WVU Core Arboretum

Core Arboretum Monongahela Boulevard
Morgantown, WV 26505

Learn to appreciate the *LITTLE* things in life! Join us for a short hike to search for interesting natural objects, which we'll examine through amazing portable microscopes.

📌 <https://remakelearningdays.org/event/microscope-hike/>

Handing Down Our Heritage

Tues, April 25, Thurs, April 27 and Tues, May 2
5:00-6:00pm

Ages: 8-10, 11-13, 14-18, Adult

Hosted by: Arthurdale Heritage
18 Q Road, Arthurdale, WV 26520

We will be exploring traditional skills, including architecture, fiber arts (particularly spinning and weaving) and quilting, with an emphasis on the history of these crafts in Arthurdale, WV.

Addressing the Challenge of Being Away from Home: Homesickness

Wed, April 26, 6:00-7:00pm

Ages: Parents/Caregivers

Hosted by: WVU Rec Center

2001 Rec Center Drive, Morgantown, WV 26505

At this event, participants will explore the idea of homesickness and how to prevent it, learn how to cope when a child/guardian is experiencing homesickness, and discuss what activities children/guardians can engage in to help lessen the symptoms.

➤ <https://remakelearningdays.org/event/addressing-the-challenge-of-being-away-from-home-homesickness/>

Stem Mini-Fair

Wed, April 26, 3:00-5:00pm

Ages: 8-10, 11-13

Hosted by: Marion County STEAM Center

400 Alta Vista Avenue, Fairmont, WV 26554

Join the NASA IV&V ERC at the Marion County STEAM Center for an afternoon of robots, rockets and STEAM fun! Learners will travel between stations where they can program and operate robots, build and launch model rockets and explore the world in infrared with specialized cameras.

➤ <https://remakelearningdays.org/event/stem-mini-fair/>

National Geographic Slingshot Video

Fri, April 28, 4:00-6:00pm

Ages: 14-18

Hosted by: Mountain Stewardship and Outdoor

Leadership School, 130 Discovery Place

Morgantown, WV 26508

Join the Mountain SOL School to create short videos for National Geographic and take part in a youth challenge to clean the air, restore the ocean, protect nature, reduce waste and address climate change!

Family Bike Maintenance and Safety Workshop

Sat, April 29, 9:00am-1:45pm

Ages: 11-13, 14-18, Adult

Hosted by: Morgantown Area Rentals

10 Walnut Street, Morgantown, WV 26501

Kick off National Bike Month at this family bike workshop! We'll learn basic bike maintenance skills and safe riding tips, then celebrate with an optional group ride along a Rail Trail. Please note that pre-registration is required.

↑ <https://remakelearningdays.org/event/family-bike-maintenance-and-safety-workshop/>

Family Wildflower Walk

Sat, April 29, 12:00-2:00pm

Ages: All ages

Hosted by: Mon County

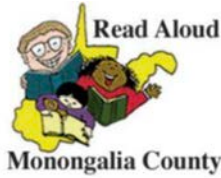

Starting Points Family

Service Center

Mason-Dixon Park, Core, WV 26541

Enjoy a walk through the preserve at Mason-Dixon Park with your family and learn about spring wildflowers! We will identify plants and flowers in bloom at the time of our walk as well as discuss some general woods walking safety. Participants will receive a spring wildflower ID guide.

↑ <https://remakelearningdays.org/event/family-wildflower-walk/>

History Alive! With Harriet Tubman

Sat, April 29, 4:00-5:30pm

Ages: 5-7, 8-10, 11-13, 14-18, Adult

Hosted by: Wesley United Methodist Church

503 N High Street, Morgantown, WV 26505

Reading and listening to the narratives of historical figures is a powerful method to learn about them and preserve their stories. Join us for a captivating portrayal of the life of Harriet Tubman by Ilene Evans through the West Virginia Humanities Council History Alive! program.

↑ <https://remakelearningdays.org/event/history-alive-with-harriet-tubman/>

Little Learners Fun with Clay

Sat, April 29, 11:00am-12:00pm

Ages: 2-4, 5-7

Hosted by: Morgantown Public Library

373 Spruce Street, Morgantown, WV 26505

Join us for our 2023 Remake Learning Days event! Our Children's Librarian, Ms. Ruth, will read Jenny Pinkerton's "Play with Clay," and families will have the opportunity to express their creativity by exploring, building and creating with clay.

WVUteach STEM Extravaganza

Sat, April 29, 10:00am-12:00pm

Ages: 2-4, 5-7, 8-10, 11-13

Hosted by: Allen Hall

355 Oakland Street, Morgantown, WV 26506

Participants can expect to enjoy numerous STEM-themed stations such as making binary code bracelets, engaging in math challenges, and participating in hands-on science activities that allow children and families to explore math and science together in a fun, supportive environment.

▲ <https://remakelearningdays.org/event/wvuteach-stem-extravaganza/>

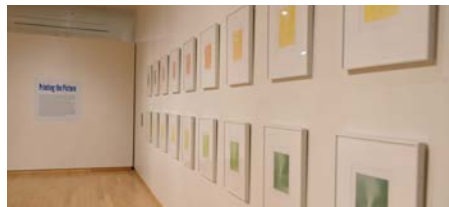

Photo Play: Exploring the Art of Photography

Sun, April 30, 1:00-3:30pm

Ages: 5-7, 8-10, 11-13

Hosted by: Art Museum of WVU

20 Fine Arts Drive, Morgantown, WV 26505

Inspired by the Art Museum of WVU's exhibitions featuring photographs, workshop participants will explore the art and science of photography and create their own unique artworks using light and images.

▲ <https://remakelearningdays.org/event/photo-play-exploring-the-art-of-photography/>

Applied Innovation—Making New Things

Thurs, May 4, 10:00am-12:00pm

Ages: All ages

Hosted by: Evansdale Crossing, Suite 413

Evansdale Crossing, 62 Morrill Way,

Morgantown, WV 26506

At this event, learn to make a cool new product that you created! Making New Things allows anyone to identify a problem to solve and then design and create a new product prototype using our MakerLab equipment!

Cultural Food and Space Food

Sat, May 6, 2:00-3:00pm

Ages: 5-7, 8-10

Hosted by: West Virginia Chinese Association
373 Spruce Street, Morgantown, WV 26505
Discover cultural food and space food to enlighten children about cultural and scientific awareness. Attendees will learn about dumplings and space food, and participate in an eating meditation and reflection.

▲ <https://remakelearningdays.org/event/cultural-food-and-space-food/>

Guided Family Hike at Hemlock Trail

Sat, May 20, 12:00-2:00pm

Ages: All ages

Hosted by: Mon County Starting Points Family Service Center

Hemlock Trail, Bruceton Mills, WV 26525

Join Mon County Starting Points FSC for a family-friendly guided hike on the Hemlock Trail (near Cooper's Rock)! Woods safety and water play education as well as plant and tree ID will be provided. Families are encouraged to wear clothes they don't mind getting dirty, water-friendly shoes and insect repellent.

▲ <https://remakelearningdays.org/event/guided-family-hike-at-hemlock-trail/>

Eastwood Community STEM Fair

Thurs, May 18, 5:00-7:00pm

Ages: 2-4, 5-7, 8-10

Hosted by: Eastwood Elementary School
677 201st Memorial Highway
Morgantown, WV 26505

Eastwood Elementary Community STEM Fair will offer families outdoor learning stations to encourage exploration of the natural world for young citizen scientists. Stations will include hands-on activities that allow participants to ask questions, explore and experiment at their own pace.

▲ <https://remakelearningdays.org/event/eastwood-community-stem-fair/>

High Notes Jam Camp

Mon, June 26—Wed, June 28, 4:00-6:00pm

Ages: 8-10, 11-13, 14-18

Cost: \$11-\$25

Hosted by: 400 Mylan Park Lane
Morgantown, WV 26501

As a music therapy camp, individuals with disabilities will learn about music, social skills, and more alongside peer-age volunteers through music! This year's theme is Story Time! We will spend the week discussing elements of a story, different types of stories, the importance and power of story, and more!

Grow with Me: Gardening for Kids

Sat, April 22, 11:00am-12:00pm

Ages: All ages

Hosted by: Potomac State College Library

103 Fort Avenue, Keyser, WV 26726

The Mary F. Shipper Library invites children and their caregivers to celebrate Earth Day by learning about sustainable food production and planting their very own herb garden. At this family friendly community event, participants will learn about the benefits of growing their own food and will choose from a selection of herbs to plant and take home.

Architecture Scavenger Hunt in Beverly

Sat, April 29, 10:00am-5:00pm

Ages: All ages

Hosted by: Beverly Heritage Center

4 Court Street, Beverly, WV 26253

Guests of all ages will discover unique art and architecture in one historic town block. We will also host a reading of "The Little House" by Virginia Lee Burton to help students identify historic buildings that they live in or see every day. The goal is for kids and their parents to walk away with a better understanding of how and why historic preservation in towns such as Beverly is so crucial and important.
